GT15 Ethernet communication unit
User’s Manual
GT15-J71E71-100

Thank you for choosing Mitsubishi Electric Graphic Operation Terminal (GOT).

Before using this product, please read the manual and the relevant manuals introduced in this manual carefully and pay full attention to the product's actual safety precautions mentioned here.

The precautions given in this manual are concerned with this product. In this manual, the safety precautions are ranked as “WARNING” and “CAUTION”.

SAFETY PRECAUTIONS

Always read these precautions before using this equipment.

Before using this product, please read this manual and the relevant manuals introduced in this manual carefully and pay full attention to the product's actual safety precautions mentioned here.

The precautions given in this manual are concerned with this product. In this manual, the safety precautions are ranked as “WARNING” and “CAUTION”.

WARNING

Indicates that incorrect handling may cause serious consequences, results in death or serious injury.

CAUTION

Indicates that incorrect handling may cause hazardous conditions, resulting in death or serious injury.

Note that the CAUTION level may lead to a serious accident according to the circumstances.

Always follow the precautions of both levels because they are important to personal safety.

Please save this manual to make it accessible when required and always forward it to the end user.

[INSTALLATION PRECAUTIONS]

• Do not touch the contact area of communication cables with bare hands. (They may be damaged by sweat, dirt, etc.)

As a guide, separate the like by a distance of at least 100mm to prevent mutual interference that may occur due to noise.

• Do not use the connection cable and the hub which meet the IEEE 802.3*3 if multiple network equipments (including GOT) are connected according to the circumstances.

[CAUTION]

Do not dissemble or modify any unit.

This will cause failure, malfunction, injuries, or fire.

Do not touch the conductive areas and electronic parts of this unit directly.

Doing so can cause unit malfunction or failure.

Exercise care to avoid foreign matter such as chips and dirt entering the unit.

Doing so can cause unit malfunction or failure.

Do not hold the cable part when unplugging any cable connection.

Doing so can lead to unit or cords damage or a malfunction due to cable contact fault.

Always make sure to touch the grounded part to discharge the electricity charged in the body, etc., before touching the unit.

Failure to do so may cause a failure or malfunctions of the unit.

[DISPOSAL PRECAUTIONS]

• Dispose of this product as industrial waste.

[TRANSPORTATION PRECAUTIONS]

Packaging List

The following shows manuals relevant to this product.

- GT15 User’s Manual
- SH-08028ENG (Model code: 1D7MC2)

When exported from Japan, this manual does not require application to the Ministry of Economy, Trade and Industry.

Warranty

Mitsubishi will not be liable for damage caused by factors found not to be within Mitsubishi Electric's control, especially those caused by customer factors attributable to Mitsubishi Electric, including damaged products caused by mistakenly damaging equipment and products other than Mitsubishi products and their other duties.

For safe use

This product has been manufactured as a general-purpose part for general industries, and has not been designed or manufactured to be used in a device or system used in purposes related to safety or health, including those set forth below.

- Before using the product for special purposes such as nuclear power generation, military, etc. or other uses as required by the system or application, consult with Mitsubishi.

- This product has been manufactured under strict quality control. However, when installing the product where major accidents or personal injuries are to be expected, make sure the product fulfills all applicable or relevant safety standards specified by the system manufacturer or supplier.

** Note: This symbol mark is for China only. **

** Note: This symbol mark is for China only. **

Three years warranty applies for GOT 1000 series.
