# GOT2000 Series USB Environmental Protection Cover

## User's Manual

---

**GT25-UCOV**  
**GT25-WUCOV**  
**GT25-05UCOV**

---

**Thank you for purchasing Mitsubishi Electric Graphic Operation Terminal.**

Prior to use, please read this manual and detailed manual thoroughly to fully understand the product.

---

### 4. Installation and Removal

#### 4.1 Installing the USB Environmental Protection Cover

**4.1.1 GT25-UCOV, GT25-05UCOV**

The installation procedure for the USB environmental protection cover is explained using GT25UCOV.

1. Set up the hinge of the USB environmental protection cover.

2. Align the hinge projection of the USB environmental protection cover on the guiding hole of the GOT to ensure it is correctly seated.

3. Tighten the fixing screws in the specified length range (1.26 mm to 1.62 mm) to the specified length.

4. When you do not use the USB interface, close the USB environmental protection cover by pushing the Push mark on the cover firmly.

**4.1.2 GT21-WUCOV**

The installation procedure for the USB environmental protection cover is explained using GT21WUCOV.

1. Set up the hinge of the USB environmental protection cover.

2. Align the hinge projection of the USB environmental protection cover on the guiding hole of the GOT to ensure it is correctly seated.

3. Tighten the fixing screws in the specified range (5.06 mm to 6.50 mm) to the specified length.

4. When you do not use the USB interface, close the USB environmental protection cover by pushing the Push mark on the cover firmly.

---

### 5. Precautions for Use

1. When the USB environmental protection cover is closed, the USB interface is not available.

2. The USB interface is IP67F-rated when the USB environmental protection cover is correctly closed with the Push mark on the cover firmly.

---

### 2. Specifications

The following shows the performance specifications of the USB environmental protection cover.

For the general specifications of the GOT, refer to the GT2000 Series User's Manual (Hardware).
