2. Installation and removal of the unit

**NOTICE**

Install or remove option unit as vertically as possible to or from the servo amplifier. If it is installed or removed diagonally, the connector CN3 may be damaged.

1) Installation

Install the unit after disconnecting the encoder cable from CN2. Securely insert the two catches of the MR-C-T01 into the sockets of the servo amplifier.

2) Removal

Hold down the PB button and pull the front side down about 5mm (0.20). Then, pull the back side off.
